

# Know your buyer before every test drive.

VeriDrive gives your sales team a verified ID and credit score for every walk-in, in under 60 seconds.

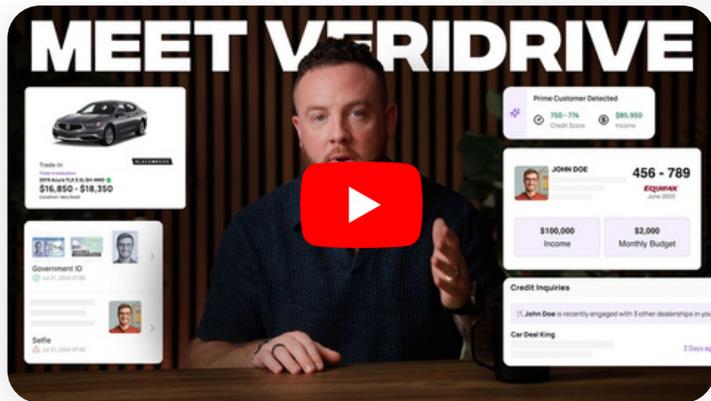

## The Problem

Sales reps invest 30-45 minutes with walk-in customers, only to find out too late:

- ✗ The customer isn't qualified
- ✗ The budget doesn't match
- ✗ The ID was fake

Late-stage ID and credit checks cost your team time, deals, and trust.

**OUR CEO EXPLAINS HOW  
AVA™ VERIDRIVE WORKS**

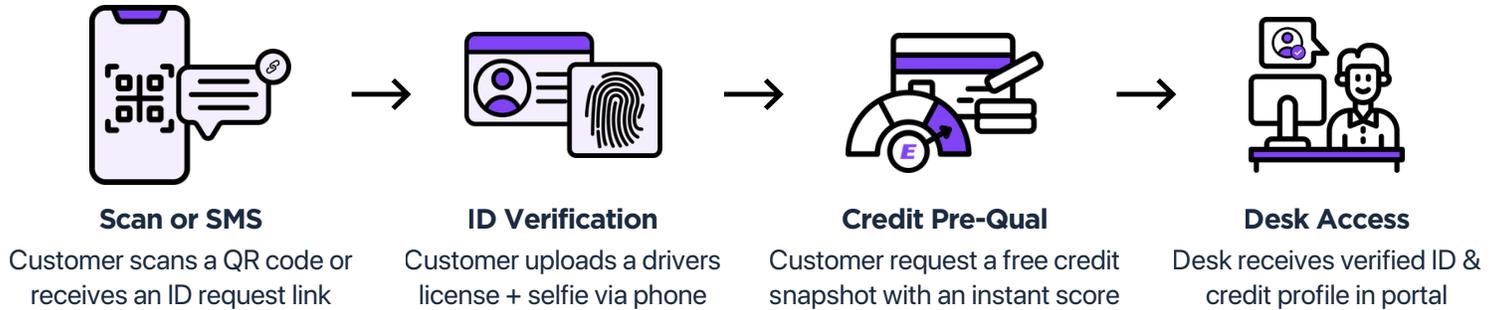

## The Solution

AVA™ VeriDrive combines digital driver's license verification with a soft credit check, all from a single scan or link. It's the fastest way to verify and pre-qualify walk-in customers before a test drive.

# How It Works (in-store flow)

## Verified ID + Credit. Zero Guesswork. Zero Delay.

### Verify + Capture IDs

Instantly capture and verify driver's licenses securely in seconds. No paperwork, no manual checks.

### Catch Fraud Early

Spot fake IDs before the test drive. Protect inventory and save your team from risky interactions.

### Push to CRM

Seamlessly sync verified leads and credit data to your CRM and AVA Portal, no double entry.

### Pre-Qualify Credit

Pull a full Equifax soft credit report with zero score impact, right from the customer's phone.

### Structure Deals Faster

Get verified ID + credit to the desk instantly, so deals are built on facts, not guesswork.

### Built for Walk-In Sales

Perfect for early profiling, busy weekends, and reps who need to qualify fast, before F&I gets involved.

## Start qualifying in-store traffic before the keys even turn.

Stay focused on closing deals, not chasing paperwork. AVA™ VeriDrive makes ID and credit compliance fast, simple, and built for the showroom floor.
